

ZEP SETS UP NEW RECORDS FOR CROSSING

Eckener Is Snubbed Again By Nazis Despite Promises Made For Flight

(Copyright, 1936, by The AP) FRANKFORT ON THE MAIN, Germany, May 14.—Surpassing all records for both eastward and westward crossing of the Atlantic, the giant German Zeppelin Hindenburg touched ground at 5:45 a. m. (10:45 p. m. Wednesday, CST) to end its first flight from America.

The official flying time for the voyage from Lakehurst, New Jersey, was given as forty-nine hours, three minutes, during which the great air cruiser covered 6,670 kilometers (4,146.75 miles).

BE FRANK! ARE YOU EASILY EXCITED?

There are two general types of people. One is the calm, stoic type that never gets excited very much about anything. Then, there is the sensitive type that is easily upset or excited, and suffers from a lighter-than-air craft voyage from America to Germany, set by the Graf Zeppelin in August, 1929, with a fifty-four-hour trip.

hour trip. The previous westbound record was eighty-one hours, seven minutes, set by the Los Angeles. The French liner Normandie holds the ship record of four days, eleven hours, forty-two minutes.

Municipal officials arranged a city hall reception in honor of Dr. Hugo Eckener, president of the Zeppelin company, and Captain Ernst Lehmann, commander of the Hindenburg.

Dr. Eckener and Captain Lehmann were given silver cups from State Governor Jacob Sprenger in the official reception, but Eckener was moved again into the background.

Eckener Snubbed Again The Nazi governor, in the presence of other state functionaries, turned to Lehmann and welcomed him as commander of the Hindenburg. The captain, speaking in the name of the Hindenburg's crew, replied to the greetings during the reception.

'DEATH RAY' IS SUCCESS

Inventor Proves to Jury His Machine Kills Insects

SAN FRANCISCO, May 14. (AP)—A death ray machine sparked and hummed; a beam was projected toward a snake, a lizard and a couple of termites; the creatures curled and died.

The complicated contraption had served as mute but effective witness for its inventor, Henry Fleur, and a jury after deliberating only four minutes acquitted him of a charge of misrepresenting the machine to investors.

Brought to trial on complaint of two investors that the device would not kill insects and other pests as Fleur had claimed, the San Francisco inventor demonstrated his death ray machine to judge, jurors and attorneys.

The apparatus resembles a large searchlight with complicated control box attached. Its beams played upon the snake, lizard and termites ten feet away. In thirty-five seconds the termites were dead. In four minutes the lizard was killed, and in eight and one-half minutes, the snake died.

Asked if the machine could be developed to kill human beings, Fleur replied it could, with sufficient power, but added emphatically, "I don't intend to do any experimenting along that line."

Seniors Present Farewell Program

(Special to The Herald) LA FERIA, May 14.—According to high school traditions, seniors of La Feria high school presented the Class Day program in assembly Wednesday afternoon. John Hatchett, president, gave a brief explanation of the nature of the program and introduced the following numbers: The Class History, by Martha Lievens, Lois Erickson, and Joseph Machner; vocal solo, "Moonlight on the Colorado," by Russell Traylor.

"Pessimistic Views of Senior Class," by Edythe Wilson and Oleta Keaton; "Optimistic Views," by Bruce Smith, Alton Hennessey, Jessie Carroll; selections by the senior boys quartet, composed of Bruce Smith, John Hatchett, Harold Hensley and Joseph Machner.

Class poem—Rosalee Curry; class will, Harold Hensley, Margaret Matthews, Lucille Adams; piano solo—Oscar Moreno; class prophecy, Olwen Hamner, George Lingle and Mildred Friebele; presentation of the key and spade, by John Hatchett to junior class president, Robert Graham; exodus of senior class, and as seniors move out of the senior section the junior class moves in to take the place they will occupy next year and each of the other classes moves into their respective places.

Cosch C. E. Vail, recently elected principal of the high school for the year 1936-37, was introduced to the students not as a new member of the faculty but as an old member in a new position. Bruce Smith, vice president of the senior class, presented Miss Willie Fosselman, sponsor, with a gift from the class as a token of their appreciation for her work with them.

LEAGUE GROUP STILL STUDIES

Leaders Stay In Geneva Although Council Adjourned

GENEVA, May 14. (AP)—League of Nations leaders remained in Geneva Thursday, despite the adjournment of the council, seeking to strengthen the international peace defenses.

Jurists already were at work on ways to make the league more effective, the first recommendations for possible amendments to the covenant being submitted by Nicholas Socrates Politis of Greece.

League leaders were reported standing by also as a precaution to meet any sudden new move by Premier Mussolini.

The council, which adjourned Wednesday, was called to meet next June 16 to consider again Italy's adjudged aggression in Ethiopia and the fascist annexation of Haile Selassie's empire.

League sources suggested one possible formula for reconstruction of Geneva's peace machinery would be to acknowledge failure of the present peace framework and appeal to all member states for cooperation in reorganization.
